Mr. Holly's tie-breaker answer [the question: in 50 words or less, why would you recommend that a friend watch Character Studies?]

Our understanding of classic characters from American stage works is superbly upgraded. The interviews with actors, directors, and writers, together with film clips and production photos, reveal subtleties and nuances of these characters we might have missed. Principally the series underscores the strength and American spirit that reflect us all.

Everyone at Character Studies congratulates Mr. Dennis Holly on winning the contest !
